

Amateur Radio Club Will Meet

The Hancock County Amateur Radio Club will meet in regular monthly session Tuesday evening at 8:00 o'clock in the Memorial building on the second floor, southeast room.

Donald Holt of Anderson, a well known former Greenfield resident, from the Delco-Remy plant, will be the speaker, according to an announcement from the program committee. Mr. Holt will discuss "Transistors".

The Hancock Amateur Radio Club is one year old this month and a large attendance is expected. Anyone interested in radio is invited by the club to this anniversary meeting.
