

# **ARES REPORT INDIANA SECTION**

## **AUGUST 2025**

Reporting is getting much better across Indiana with more communication between the Section and the counties. Several EC's have reached out to me with questions as well as comments about what they are doing. We still have a few EC's that are struggling to get reports in, and we will be looking at what can be done to make sure those reports are submitted. All county reports should be completed no later than the 3<sup>rd</sup> of the month with the DEC reports following as soon as possible after that.

Many counties have no ARES registrations or certifications submitted to the Section. The task book assigns responsibility to the Section for maintaining a database of the ARES participants and training. This can only be done if it is submitted to the Section.

We need to look at what the requirements of the task book are and why they are there. It is often missed that the EC must complete Level 3 Advanced within 1 year of appointment. With the database still not complete and not all EC's reporting many do not meet the requirement. Another requirement in the task book is that all FEMA courses are the current version. Some of you have not had an ICS class in many years. Do you know about ICT? What is it and where does it fit in NIMS? It is newer and it is important. One other important thing to look at is net participation. Quarterly net participation is required for Level 2. If you are not regularly participating in a reported net you may be dropped from Level 2 to Level 1 if you haven't checked-in in a while.

We need to be professional at all times, we need to have the current knowledge and capabilities to provide the best public service possible. Technology is growing rapidly. New policies, techniques and strategies are ever evolving and we need to keep up to date. Changes internationally as well as nationally can have major impacts on us locally.

Moving into the future we are working to improve our cooperation and collaboration. Working with PIO's and with our NTS field organization, we will provide better public service and improvements to our Public Relations. Messages sent to all stakeholders before and after events and during an incident if necessary.

Each of us in our own communities need to identify our community partners that we will work with to expand the whole community approach to incident management. We will continue to bridge the gap between those with a need and those who can help, those with information and those that need the information.

Year to date, in Indiana, we have already participated in 847 events contributing 19,613 hours with an estimated value of \$682,336.27. This helps emergency management when they seek federal assistance.

#### Activity Details:

Huge thank you to Michael Vidimos, W1MCV for running the District 1 Nets.

#### Administrative and Other Comments:

District 1 DEC position is vacant currently. With the increase in activity and registrations throughout the district I believe we will have interest for a DEC soon. Michael Harney, KE9DCG as EC is developing an ARES program in Jasper County, Jacob Wiese, KD9LWR as EC in La Porte County is tracking along, and John Welch, KC9AFE in Porter County is continuing to work on the ARES program. Lake County now has 9 new registered ARES members and I am hopeful that they will have an EC of their own soon. Newton County is the sole county in District 1 without ARES, but I believe that with the increase in ARES involvement elsewhere in District 1 we will be drawing some interest in Newton County soon.

## Activity Details:

We had a Hamilton County SET using Simplex only, everyone had to check in from home base. We all had grade sheets to mark off each person checking in including net control.

5 perfectly readable

4 readable with some difficulty,

3 readable with a lot of difficulty

All reports were turned into Matthew KD9WFK and he is putting it all together in a single report. I can share once I have it to anyone interested.

This was at 2000 hours on 8/26/25 on 146.460

## Administrative and Other Comments:

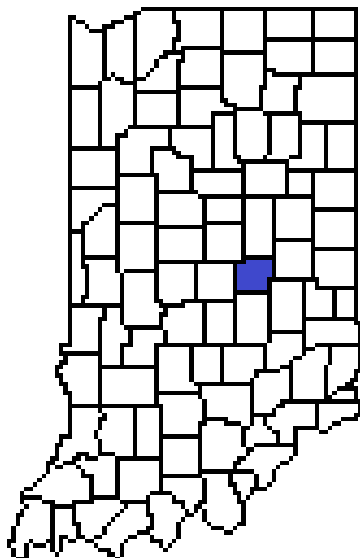

8/1/25 in person meeting - Robert KD9MAK from the Hamilton County Comms group gave a presentation on Emergency Communications using a ham radio. This was more about what to say and what not to say during an emergency.

DEARBORN - 9	112	0	0	0	0	0	0

Report: Form2

Division: Central

Section: Indiana

Jurisdiction: Dearborn

Month/Year: August 2025

History: Reported by Brian Sexton, KD9EDR, SEC on 2025-09-24 00:14:25 UTC

4. Total number of ARES members:	1
5. Number of ARES net sessions held:	0
6. Number of ARES net sessions held with NTS liaison:	0
7. Number of participants in nets:	0

	Number	Person-Hrs
8. Exercises this month:	0	0.00
9. Training events this month:	0	0.00

13. SKYWARN events this month:	0	0.00
14. Meetings this month:	0	0.00
15. Unclassified events this month:	0	0.00

### Activity Details:

none

### Administrative and Other Comments:

Dearborn County is without an appointed EC and without a DEC in District 9, ARES activities are the responsibility of the SEC. I will be using outreach contacts and support from ARES members in nearby counties for support until an ARES program is developed in the county.

# DECATUR COUNTY

## VACANT EMERGENCY COORDINATOR
